Career Tip: Clarify Your Goals, Improve Interpersonal Relationships

For those born in the year of the Snake, this year is marked by a subdued fortune, as numerous Unlucky Stars gather in your Self Palace while Lucky Stars are few and far between. You must tread carefully and avoid making any rash moves.

The presence of the Unlucky Star "God of Death" warns of low morale at work, leaving you feeling dejected as the path ahead seems unclear. In times of difficulty, it is crucial to clarify your direction and persevere; otherwise, you may face elimination.

Meanwhile, the Unlucky Star "Heavenly Legal Spell" indicates a year where you are not only vulnerable to backstabbers but also at high risk of legal disputes. Therefore, you must abide by the rules and avoid taking risks or testing the law, as this could lead to imprisonment. Stay away from bad influences, as you could easily be dragged down by their actions and get into trouble.

At work, focus on improving your interpersonal relationships. Making too many enemies will make it incredibly difficult to move forward. Remember the age-old wisdom: "It is better to resolve enmity than to create it."

This year, Roosters and Oxen will be your greatest allies in your career; working closely with them will help you overcome difficulties. West is the most favorable direction for your career, and industries associated with Water and Metal will bring the best prospects.

Financial Tip: Reduce Expenses And Save Money, Don't Covet Windfalls

With a damaged wealth star, your financial fortune is sluggish this year. Not only is your regular income unstable, but you will also experience a constant drain of money. You must be exceptionally careful with your finances and cut down on unnecessary expenses to avoid a financial crisis.

In addition, you may face significant costs due to legal disputes, so it is wise to start saving for a rainy day now. Your windfall gains are poor, so it is best to avoid speculative trading and gambling. Do not risk everything on a single bet, or you will regret it.

Health Tip: Protect Your Liver And Kidneys, Resolve Inner Turmoil

Your health appears fine, but there could be underlying issues, so you must get plenty of rest and avoid overworking yourself to prevent chronic illness from taking hold. Pay special attention to your liver and kidneys. If any issues arise, seek medical treatment immediately and do not delay.

Relationship Tip: Rocky Path Of Love, Good Things Subject To Many Trials

Your emotions will be complex and volatile this year, swinging between hot and cold, which may confuse those around you. This unpredictability can easily strain your friendships and professional relationships, a tendency you must strive to correct.

In matters of romance, the road ahead is bumpy and likely to attract gossip. If not handled with care, these outside voices can cause rifts to form in your relationship. Remember to communicate more to deepen your understanding of each other and prevent setbacks from derailing your happiness.
